

Registration is now open to all iLEAD learners, grades 5-12, for **DreamUp to Space Virtual Mission!**

This project challenges young people to understand and explore the impact that microgravity has on matter by asking the question:

What is the effect of microgravity on living and nonliving things?

Through a partnership with DreamUp, learners will be inspired and empowered to develop the skills and knowledge to design, develop, and propose an experiment that has the potential to be conducted on the International Space Station.

[Click here](#) and sign up to attend an informational meeting to be held **Thursday, April 30, at 6:30 PM PST**. A Zoom link will be returned to you via email confirming your participation.

Get ready for liftoff!
